2023/2024

Who we are

OperUs is an international music academy founded in 2022, born to coach, inspire and support young artists and children in their learning journeys all the way from first music lessons to professional development.

OperUs is the only training center in Trieste which runs all its activities bilingually (Italian/English), thanks to our body of staff including native and bilingual speakers of both languages.

It is also Trieste's only official examination center for ABRSM (The Associated Board of the Royal Schools of Music), respected worldwide as one of the top providers of music exams and qualifications. Each year, more than 630 000 candidates take ABRSM exams in more than 90 countries around the world.

OperUs offers a unique, personalised learning experience, with both year-round courses and week-long intensive programs on music and related disciplines, collaborating with prestigious institutions including the Royal Academy of Music, London, the agency Promethean Artists Management, San Francisco, the Teatro Miela, Trieste and the American music publication OperaWire, as well as with internationally celebrated artists such as baritone Luca Pisaroni, pianist Vincenzo Scalerà, maestro répétiteur of Teatro alla Scala di Milano since 1980, soprano Barbara Frittoli and contralto Sonia Prina.

OperUs is not just an academy, but a true creative space, a welcoming and stimulating environment for all participants on our music courses, with a holistic focus on contact with a variety of other artforms and a dynamic approach to exploring the relationship between music and nature.

OperUs welcomes students of all ages and levels, from early years to post-university or conservatoire training.
